Resolution on Restructuring IUPUI Schools and Programs

Approved by the members of the IFC at their meeting on December 6, 2022

In all cases of school and program restructuring at IUPUI, including the proposed realignment of the Schools of Engineering and Technology and Department of Computer and Information Science, the IUPUI Faculty Council demands that the Indiana University administration and the IU Board of Trustees apply the stated policies everywhere they are implicated and asks that they apply the spirit of the policies in areas where the situation does not allow for them to be applied literally.
