Agenda Item I: Welcome and Call to Order
IUPUI Faculty Council Vice President Ed Berbari called the meeting to order at 3:00 p.m.

Agenda Item II: Adoption of the Agenda as the Order of Business for the Day
The Agenda was adopted as the Order of Business for the Day.

Agenda Item III: [Action Item] Approval of the IFC November 18, and December 2, 2014, Minutes
The minutes of the November 18, and December 2, 2014, IFC meetings were approved and entered into the record.

Agenda Item IV: Updates/Remarks from the Chancellor
Charles R. Bantz, Chancellor

Bantz reported on the following:
- President McRobbie is consulting with individuals about the search for a new chancellor at IUPUI and is out for a two-week period. He does not expect to hear anything soon.
- The School of Liberal Arts dean search has begun with a search committee.
- The Carnegie Foundation is honoring IUPUI, Butler University, and Marian University for their partnership with community organizations to help make Indianapolis and surrounding communities a better place to live, work, and learn.
- 113 promotion and tenure cases are being read this year. 31 for service, 21 under teaching, and 51 under research. 44 are for associate professor or with tenure and 28 are to full professor.
- The spring enrollment report is appended to the minutes and reflects data before classes began.
Agenda Item V: Updates / Remarks from the IFC President
Marianne Wokeck, IUPUI Faculty President

Wokeck reported on the following:

- She wished everyone a happy new year and a good spring semester.
- The chancellor announced in December he was stepping down as chancellor. President McRobbie will meet with the IFC Executive Committee later in the month for a conversation about the search. The IFC has questions about the process for the search, time frame, search firm, and composition of the search committee. She invited the members to get in touch with her by January 15 with questions they have for the conversation.
- The Bicentennial Strategic Plan’s (BSP) current version is the final version as it has been given to the Board of Trustees. The BSP is the map the university will follow for the next several years. The Bloomington Faculty Council and IUPUI Faculty Council both asked for another review of the document before going into final draft; however, that was not afforded to either council. The BSP will be reviewed and revised once a year. The Board of Trustees and the University Faculty Council co-chairs are eager for faculty input for policies and process in the implementation phase. She expects to receive a report on what points the IFC suggested for the final draft were actually incorporated.

Agenda Item VI: [Information Item] University Human Resources
John Whelan, Associate Vice President for Human Resources

Whelan introduced himself. He is not new to Indiana as he has lived in the state for 17 years off and on. Most recently, he was in Texas. During the past six months, he has been meeting people and listening. He feels Human Resources should listen to everyone about what they need and envision at their university and does not want to make decisions about the future without input beforehand. The president wants him to focus his energy to ensure IU is a great place to work. He will be looking for things to ensure that. He asked the members to provide him information and ask questions.

He said 10 and 12 month pay is being discussed and all variable factors reviewed to see if moving 10 month pay to 12 month pay is feasible. Most of the CIC institution do that, so why not IU? He is looking at all variables to see what needs to change if moving to 12 months is to occur. Benefits seem to be good for employees at IU, but they do not need to be static. We can continue to look at enhancing our offerings. He invited feedback on that.

Questions:
- Ward said HR decided to condense the professional categories from maybe 12 to 5. How can we give promotions to staff within ranks moving to the same rank? Whelan acknowledged the pay bands and categories. He will be looking at them and will be reviewing the compensation process. Vice Chancellor Dawn Rhodes said that if supervisors can justify higher level duties within the jobs in the same pay band, a raise can be given. Bantz said the university went to broad-banding because there was no evidence the narrow bands were used as Ward was describing. Research demonstrated that broad-bands are effective. They were studied in the Navy where an experiment was done between narrow bands and broad bands. The broad bands were found to be more effective in motivating people. The recession produced the idea that we could not actually change compensation within any grade.
- Atkinson asked about the long-term plan to provide HR leadership on this campus. Whelan said as he was hired, positions in HR were frozen. He shared with Vice President MaryFrances McCourt that he feels he needed to listen to what is needed before the freeze would be lifted except in specific cases. He has been in regular conversations with VC Rhodes and Camy Broeker, the interim HR
director, about what the future will look like. Rhodes said the position FTE is still funded on this campus, and when we are comfortable that everything is appropriate, the freeze will be lifted to begin a search.

- Berbari spoke about students who move to being employees who then move to graduate student stipends going into labs as full-time employees. The way we look at students as employees opposed to them actually becoming employees should be looked. He asked that Whelan think about students who transition to being employees. Another issue is students with underage DUIs who thought when they became adults, their record would be expunged. If a courthouse has not done their job and expunged the record, HR has not allowed those students to become employees. It inhibits growth and development as they need to move into the next stage of their lives. He asked Whelan to look at students and how they progress as employees and treated with bureaucratic rules. Whelan agreed and said there are so many nuances with student employees and their goal is to work through the complexities. Sometimes funding is prohibited by financial aid. The philosophy he has of HR through all of his HR roles is that it needs to be very focused on support service and working with HR needs to be easy. Broeker said there is no prohibition of students getting increases. Some schools have plans to make this happen. She is willing to work with Berbari on this.

- W. Schneider asked if Whelan could explain how his position relates to those he reports to and those who report to him. Whelan said in the RCM model, each campus has an HR team, and within the units, there are HR professionals. His office is responsible for university HR policies and practices and things that touch every campus (i.e., benefits, etc.). He sees it as a partnership so that all is done seamlessly. He reports to VP McCourt. The HR director on this campus would report to VC Rhodes with a dotted line to him.

- Corson said the flip side to benefits is a high fringe rate. Will this be addressed? Whelan said we could minimize our benefits, but that could cause an issue. The perfect way would be to maximize the best benefits possible for the lowest price possible. Are there ways we can better spend our dollars—both personal and university—so that we are getting great benefits at a lower cost? Berbari asked if it were possible to have a dollar breakdown for benefits and what they actually went for. He has heard rumors that 18/20 goes under the current fringe benefits and that shouldn’t be burdened on others. Bantz said that the actual percentage fringe benefit rate went down this year because so many employees have gone to the high deductible health plan. They give us the deductible to put into our HSA because it is cheaper. The Board of Trustees has set a maximum amount they will pay for insurance. The second reason is that a whole bunch of people have 15% contribution rates. Some people have 10% rates and other rates. Most people don’t know there are different rates. The university knew it would be very costly for everyone who held the 18/20 plan. They had to develop a plan in the 1980s to fully fund everyone’s retirement who wasn’t fully funded. When Bantz was hired, $2 million of base funds was being put into the retirement plan to balance the books. Many of the 15% contribution faculty have been retiring which then reduces the percentage needed to keep funding. It might decline again next year as more retirements occur and more people move to the high deductible plan. You will see changes in the next few years. Where it settles down is the next question. Rhodes said she can ask for the information on breakdown from VP McCourt.

**Agenda Item VII: [Information Item] Campus Civility Statement**
Dan Griffith, Director, Office of Intergroup Dialogue
Kim Kirkland, Director, Office of Equal Opportunity

Kirkland spoke to the following draft civility statement and asked for endorsement.
The IUPUI community has dedicated itself to creating an environment where each individual is valued and can succeed. Our institutional ethic compels us to foster the best possible environment for doing our work as educators, learners, and supporters of the educational process. When our members are prevented from doing their best, the entire community is diminished.

Our commitment is to be a diverse and inclusive campus relies on all community members to do their part. While no set of rules or policies can wholly govern human conduct, civility requires respect and a thoughtful and careful balancing of differing points of view.

As members of an institution of higher learning, we must periodically reaffirm the fundamental ethics and values that form the framework for our university. This means fostering a climate of acceptance, mutual respect, academic freedom, and civil discourse. Civil discourse is a form of dialogue that acknowledges and gives voice to one another’s ideas, experiences, and beliefs. Civility and respect should be extended to all persons regardless of their role, status, or social identity. We encourage everyone to speak and act thoughtfully and judiciously and with respect for one another. We may not always agree with one another, but when we disagree, we are called to respond with civility.

Endorsements:
Equal Opportunity Council – December 5, 2013
Faculty Council Executive Committee – January 23, 2014 (Request a final review after all others.)
Women’s Advisory Council – February 24, 2014
Common Theme Committee – April 2, 2014
Staff Council – June 18, 2014 (Follow-up with final)
Undergraduate Student Group – TBD
Graduate Student Group – TBD

The statement was presented previously to the council, and it was suggested it be presented again after other groups commented on it and it was ready to go into final form. Berbari said the conversation from the IFC-EC meeting was not an official vote, but a general endorsement. Atkinson asked her to talk about why it is important to put a statement back in place. Kirkland said the statement is an aspirational message or vision that the campus will try to uphold. It is not a policy that can produce a form of punishment. We have policies that will do that. Watt asked what the plans for dissemination. Kirkland said the communication team of the Equal Opportunity Council will develop a plan. The Office of Equal Opportunity does not own the statement; all of us own it. She would like to see the statement on every website and made highly visible. How different is this statement versus the previous statement? Griffith said the statement is shorter and is aspirational, not policy-driven. It “encourages” not “musts.” The statement will encourage dialogue. Kirkland said the initial statement was loftier. It was dialed back to be more aspirational. The original
statement was used by IUB, but dialed back. We then looked at what they had and developed our campus’s statement from theirs. The statements now almost mirror each other.

Berbari said that the council has discussed the statement and asked for a verbal endorsement. The members responded affirmatively.

**Agenda Item VIII: Call for IFC or UFC Standing Committee Reports**
There were no reports.

**Agenda Item IX: Question / Answer Period**
- W. Schneider asked if there was news from the legislature. Bantz said the legislature began their work the day before. University Government Relations will hold a meeting about the session and give a briefing. Bantz said the budget from this campus is positive and will bring revenue because of performance measures. The ICHE approved a building for IUB. IUPUI will be remodeling the old Regenstrief building to become an educational building. There are some proposals we hope that will not pass, although he did not mention what they are. Budget projects look good and there are still reserves. He said the K-12 question will be tough, as well as how allocations will be.
- Berbari said it had been a little over a month since Governor Daniels (also president of Purdue University) visited our campus. How does the chancellor view relations between the two schools? Bantz said he attends the holiday party at Purdue each year where he sees many people. This year at the party, Daniels’ visit to IUPUI was the talk and it seemed positive. There is nothing official, but every trustee he met with talked about the visit and how long Daniels spent here. The event gave Bantz the opportunity to meet with people at Purdue he had not met yet.

**Agenda Item X: Unfinished Business**
There was no Unfinished Business.

**Agenda Item XI: New Business**
There was no New Business.

**Agenda item XII: Report from the IUPUI Staff Council**
Alicia Gahimer, Second Vice President

Gahimer reported on the following:
- VP John Whelan presented at the council’s December meeting. The members provided good feedback, and was glad to find he was pro-Staff Council.
- She thanked Camy Broeker for her work with HR during the interim period.
- She thanked Paydar for the professional development funds provided to the council for distribution to staff. Three proposals were funded with all three being from the School of Medicine. She asked the IFC members to encourage their staff to apply for the grants of $400. The next deadline is April 1.

**Agenda Item XIII: Final Remarks and Adjournment**
With no further business appearing, a motion was made to adjourn. The motion passed and the meeting was adjourned.

**Items that have been completed by the committees follow the Assignments for committees.**

**Assignments** (Items in red have been brought to the IFC for a first read):

### Academic Affairs Committee
- Campus Policy on Limits in Withdrawal: Policy to be voted on by AAFC, EC, and IFC fall 2013. (Oct. 2013: The AAC agreed that the policy was too restrictive. They agreed that students should not be allowed to enroll and withdraw (or fail) a given course numerous times. Perhaps an alternative solution is to block registration for such students, initiated at the unit level. The registrar will investigate creating lists of students who enroll repeatedly in the same course. These lists could be provided to the appropriate unit for action (registration block), if the units choose to do so. Annual Report 2014: The proposed policy was put on hold pending further fact-finding and deliberation.)
- Attending Classes Without Being Enrolled: Policy to be voted on by AAFC, EC, and IFC fall 2013. (Oct. 2013 & Annual Report: The AAC has put the policy on hold and will do further fact-finding.)
- Calculation of GPAs. How much campus policy harmonization is going to be suggested as a part of the student services initiative? (Annual Report 2014: Carried over from 2012-2013. Should this assignment be eliminated?)

- Undergraduate Curriculum Advisory Committee: Is the committee doing what the vision for the committee was set out to do. (Update 2-25-14: With the Strategic Plan, this committee is under review by the Academic Affairs Committee and Faculty Affairs Committee as they determine whether the IFC should endorse an Undergraduate Curriculum Committee. The Constitution and Bylaws Committee will be asked to make a motion to remove the UCAC from the IFC Bylaws should the IFC endorse the new committee.)

Member need to come from the schools including the School of Medicine and one member from the Handbook Committee
  - IUPUI Faculty Librarian Review and Enhancement: President McRobbie asked each campus to look at the policy and tweak it for their needs. **Notes:** While most IUPUI students pursuing graduate studies enroll through the IUPUI school that offers the degree, GRAD holds students who enroll through the IU Graduate School. This is primarily students in Liberal Arts and Medicine but also includes some students pursuing other IU graduate degrees. In this report degree-seeking students have been distributed to their academic homes and the remaining "undistributed grad" students are enrolled in a non-school affiliated non-degree category.

Tables with student level and enrollment by residency status are Indianapolis only
